- Warranty: 1 Year
- Diameter: 4-25M
- Color: Customized
- Silo Materials: Q235 Steel
- Silo Life: Over 5 Years
- Installation And Debugging: Engineers Service Overseas

Product Description

The cement silos are indispensable devices in the production of concrete. They mainly store bulk cement, fly ash, mineral powder and others. There are three types of cement silos: bolted cement silos, horizontal cement silos and integrated cement silos. Integrated cement silos are made in factories, and can be used directly. Bolted cement silos are bolted for easy installation and removal. Horizontal cement silos have lower requirements on foundations and can be transported by truck or flatbed without disassembly.
