

## SANY 28m 37m 56m 61m Used Concrete Boom Pump For Sale Truck Mounted Cement Truck Long

Our Product Introduction

for more products please visit us on [sunnyconcretebatchingplant.com](http://sunnyconcretebatchingplant.com)

### Basic Information

- Place of Origin: Hunan
- Brand Name: Sany
- Minimum Order Quantity: 1 set
- Price: USD40000-70000 PER SET
- Delivery Time: 20-35DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 50 SET PER MONTH

### Product Specification

- Highlight: used concrete boom pumps for sale,  
used concrete boom pump for sale,  
used concrete boom pump

## Product Description

SANY 28m 37m 56m 61m Truck Mounted Concrete Boom Pump Cement Truck Long Boom Concrete Pump

Introduction to SANY 56M Concrete Pump Truck:

The SANY 56M concrete pump truck is a state-of-the-art machine designed to deliver exceptional performance and versatility in concrete placement on construction sites. Manufactured by SANY Group, a renowned global construction machinery manufacturer, the 56M concrete pump truck combines cutting-edge technology, robust construction, and precise control to meet the demanding requirements of large-scale construction projects.

Key Features and Specifications:

**Boom Length and Reach:** The SANY 56M concrete pump truck boasts an impressive boom length of 56 meters (184 feet).

This long-reaching boom allows for the precise placement of concrete at considerable heights and distances. It offers extensive coverage on the construction site, making it suitable for a wide range of applications, including high-rise buildings, bridges, and large-scale infrastructure projects.

**Pumping Capacity:** The 56M concrete pump truck delivers a high pumping capacity of up to 180 cubic meters per hour (235 cubic yards per hour). This exceptional output ensures efficient and continuous delivery of large volumes of concrete, enabling fast-paced construction progress and reduced project timelines.

**Boom Configuration:** The boom of the 56M concrete pump truck is typically configured in a 5-section RZ-fold design. This design provides excellent flexibility and maneuverability, allowing for precise concrete placement even in complex and hard-to-reach areas. The boom sections can be extended, folded, and articulated to adapt to various construction site conditions.

Truck-mounted Concrete Pump			
Vertical Reach	Output	Pressure	Models
24-36m	100 - 150m³/h	6 - 6.6MPa	SYG5210THB 25C-8(SZ-EU) / SYG5210THB 25C-8(SZ-EU) / SYM5180THBES 30C-8 / SYG5210THB 30V8(SZ-AUS) / SYG5180THB 300C-8(SZ-IN) / SYG5181THB 30C-8(SZ-IDN)
