Product Description

50m³/h small dry stationary ready mix concrete batching plant automatic compact concrete plants
Bucket type Concrete Mixing Plant 50m³/h Concrete Batching Plant

The HZS50 bucket type concrete mixing plant is an advanced and highly efficient batching plant designed for large-scale construction projects. It belongs to the family of bucket type batching plants, known for their precise measurement and reliable mixing capabilities. The HZS90 model specifically offers a range of features and benefits that make it a popular choice among construction professionals.

With a focus on productivity and quality, the HZS50 bucket type concrete mixing plant is designed to handle a substantial volume of concrete production. It is capable of producing 90 cubic meters of concrete per hour, making it suitable for medium to large construction projects such as highways, bridges, airports, and commercial buildings.
