

Bucket type Concrete Mixing Plant 100m³/h Stationary Concrete Batching Plant

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: SUNNY
- Model Number: HSZ100
- Minimum Order Quantity: 1 set
- Price: USD 110000-150000/ SET
- Packaging Details: container
- Delivery Time: 25-30 days
- Payment Terms: L/C, T/T, D/P, Western Union, MoneyGram
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Maaterial: Cement, Crushed Stone, Sands And So On
- Application: Building Works,Construction Projects,bridges,docks,airport
- Control System: Automatic PLC Control,totally Automatic
- Productivity: ≤60m³/h
- Mixer: JS2000 Twin-shaft Concrete Mixer
- Warranty: 12 Months
- Condition: New
- After-sales Service Provided: Engineers Available To Service Machinery Overseas,Online Support,Video Technical Support,Field Installation,commissioning And Training
- Highlight: **Stationary Concrete Mixing Plant,
Bucket type Concrete Mixing Plant,
100m³/h Concrete Mixing Plant**

Product Description

High Efficiency 60m³/h Stationary Concrete Batching Plant Concrete Mixing Plant

Belt Conveyor Type Concrete Batching Plant mainly consists of 5 major systems such as mixer, material weighing system, material conveying system, material storage system and control system and other ancillary facilities. It is equipped with the storage, batching, conveying, stirring, control and other devices of various raw materials required for precast concrete, and various aggregates, powders, admixtures, water, etc. A complete set of equipment for supplying concrete in a concentrated manner than by a mixer.

pecification

Model	HZS35	HZS50	HZS75	HZS100
Production in Theory (m ³ /h)	35	50	75	100
Mixer Type	JS750	JS1000	JS1500	JS2000
Mixing Motor Power (KW)	2×15	2×18.5	2×30	2×37
Cycle time(S)	60	60	60	60
Mixer Discharging Volume(L)	750	1000	1500	2000
Maximum Particle Size of Aggregate(mm)	60	60	60	80
Batching Volume(L)	1200	1600	2400	3200
Aggregate Species	2-3	2-4	4	4
Aggregate lifting motor power(kw)	7.5	15	18.5	22
Discharging Height (m)	4	4	4	4
Installed Capacity(KW)	50	70	110	120

Features of bucket type concrete batching plant:

1. It adopts a combined structure and unitized module, which allows for quick and convenient installation and demolition.
2. The unloading angle of the aggregate bin has been increased to solve the problem of difficulties in unloading caused by rain.
3. The use of cylinder discharge or electric push rod makes it convenient and quick to discharge materials.
4. The overall steel structure of the mixing station is constructed with high-quality steel, providing strong structural strength and stability.
5. The mixing machine utilizes a twin-shaft forced mixing main machine, delivering strong mixing performance, uniformity, and high productivity.
6. Excellent pneumatic components, electrical components, etc., are employed to ensure equipment reliability and accurate metering performance.
7. Each maintenance and repair site is equipped with a walking platform or check ladder, offering sufficient operation space for easy maintenance and repair.
8. Environmental protection measures include energy-saving features such as pulse dust removal system and recycling wastewater for reuse.

Q: What's your after-sale service?

A:12 months warranty for main parts since departure. On-site installation, debugging, workers training. Make sure that your workers operate properly and know daily maintenance well. Q:What's your delivery time?

A:The goods will be delivered in 30-45 days after the 30% of the total amount is paid as deposit, and maybe a little longer if busy in the factory.

B: Generally it is 7-10 days if the goods are in stock. or it is 15-20 days if the goods are not in stock, it is according to quantity.

Q. How long do you warranty your concrete batching plant?

A:We shall guarantee that the commodity for 1 year, excluding the wearing parts, and we will offer our customers the wearing parts all the time with favorable price.

Q: What should I do if I experience a problem on our equipment?

A: You could email us the photos to show what happens or call us, and our service line is available 24/7, and then we will feedback you immediately. Also on-site technician service available as request.

Q.How can we install the plant?

A:Our engineer will make installation drawing before we send the machine, and our engineer will go oversea to guide and train the installation after everything is already set in customer's construction site.

Q: Do you have CE certificate for your concrete batching plant?

A: Yes, we have. It is our patent products, certificated by CE.
