

Concrete Batching Plant Cement Silo Process Stationary SICOMA Planetary Mixer

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: SUNNY
- Model Number: HSZ180
- Minimum Order Quantity: 1 set
- Price: USD 110000-150000/ SET
- Packaging Details: container
- Delivery Time: 25-30 days
- Payment Terms: L/C, T/T, D/P, Western Union, MoneyGram
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Maaterial: Cement, Crushed Stone, Sands And So On
- Application: Building Works,Construction Projects,bridges,docks,airport
- Control System: Automatic PLC Control,totally Automatic
- Productivity: $\leq 180\text{m}^3/\text{h}$
- Mixer: JS3000 Twin-shaft Concrete Mixer
- Warranty: 12 Months
- Condition: New
- After-sales Service Provided: Engineers Available To Service Machinery Overseas,Online Support,Video Technical Support,Field Installation,commissioning And Training
- Highlight: **concrete plant process,
concrete batching plant silo,
batching plant cement silo**

Product Description

HZS180Concrete Batching Plant Price Stationary SICOMA Planetary mixer
HZS180 Manufacturer Concrete Batch Plant concrete batching plant

Intelligent Control System: The plant is equipped with an advanced control system that offers precise control and monitoring of the entire production process. The control system allows operators to adjust various parameters, such as mixing time, water dosage, and discharge rate, to achieve the desired concrete specifications. It also provides real-time data monitoring, diagnostics, and automatic fault detection for efficient troubleshooting.

Flexible Configuration Options: The HZS180 batching plant offers flexibility in terms of configuration options. It can be customized to meet specific project requirements, such as the addition of multiple cement silos, admixture systems, and auxiliary equipment. This flexibility allows for the production of various types of concrete and accommodates specific project needs.

Durability and Low Maintenance: The HZS180 batching plant is built with sturdy materials and components, ensuring its durability and longevity. It is designed to withstand heavy-duty usage and harsh working conditions. Additionally, the plant incorporates features that facilitate easy maintenance, such as easy access to components and wear-resistant liners in the mixer.

Environmental Friendliness: The HZS180 batching plant is designed to meet environmental regulations and standards. It incorporates measures to reduce dust emissions and noise levels, ensuring minimal impact on the surrounding environment.

Q: What’s your after-sale service?

A:12 months warranty for main parts since departure. On-site installation, debugging, workers training. Make sure that your workers operate properly and know daily maintenance well. Q:What’s your delivery time?

A: The goods will be delivered in 30-45 days after the 30% of the total amount is paid as deposit, and maybe a little longer if busy in the factory.

B: Generally it is 7-10 days if the goods are in stock. or it is 15-20 days if the goods are not in stock, it is according to quantity.

Q. How long do you warranty your concrete batching plant?

A: We shall guarantee that the commodity for 1 year, excluding the wearing parts, and we will offer our customers the wearing parts all the time with favorable price.

Q: What should I do if I experience a problem on our equipment?

A: You could email us the photos to show what happens or call us, and our service line is available 24/7, and then we will feedback you immediately. Also on-site technician service available as request.

Q. How can we install the plant?

A: Our engineer will make installation drawing before we send the machine, and our engineer will go oversea to guide and train the installation after everything is already set in customer's construction site.

Q: Do you have CE certificate for your concrete batching plant?

A: Yes, we have. It is our patent products, certificated by CE.
