

Boom Concrete Pump Truck Used ZOOMLION 49M Truck Pump 37 M 36m 50m

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: Sany
- Minimum Order Quantity: 1 set
- Price: USD40000-70000 PER SET
- Delivery Time: 20-35DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 50 SET PER MONTH

Product Specification

- Highlight: boom concrete pump, concrete pump 36m, concrete pump 50m

Product Description

Concrete Pump Truck Used ZOOMLION 49M Truck Pump 37 M

The Zoomlion 37M concrete pump truck is an innovative and reliable machine designed to facilitate efficient and accurate concrete placement on construction sites. Manufactured by Zoomlion Heavy Industry Science & Technology Co., Ltd., a leading global construction machinery manufacturer, the 37M concrete pump truck combines advanced technology, robust construction, and precise control to meet the diverse needs of modern construction projects.

Key Features and Specifications:

Boom Length and Reach: The Zoomlion 37M concrete pump truck features a boom with a length of 37 meters (121 feet). This allows for precise concrete placement at various heights and distances, offering extensive coverage on the construction site.

The boom consists of multiple sections that can be extended and maneuvered to reach challenging areas and accommodate different project requirements.

Pumping Capacity: The 37M concrete pump truck delivers a high pumping capacity of up to 120 cubic meters per hour (157 cubic yards per hour). This ensures efficient and continuous delivery of concrete, enabling smooth construction progress and reducing project timelines. The pump truck can handle both large and small-scale construction projects effectively.

Boom Configuration: The boom of the 37M concrete pump truck is typically configured in a 4-section Z-shaped design. This design provides excellent flexibility and agility, allowing for precise concrete placement even in tight or complex spaces. The boom sections can be extended, folded, and articulated to adapt to different construction site conditions.

Truck-mounted Concrete Pump			
Vertical Reach	Output	Pressure	Models
24-36m	100 - 150m³/h	6 - 6.6MPa	SYG5210THB 25C-8(SZ-EU) / SYG5210THB 25C-8(SZ-EU) / SYM5180THBES 30C-8 / SYG5210THB 30V8(SZ-AUS) / SYG5180THB 300C-8(SZ-IN) / SYG5181THB 30C-8(SZ-IDN)
