

SANY SY309C 8 Concrete Mixer Truck 10 M3 For Foundation Construction

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: Sany
- Minimum Order Quantity: 1 set
- Price: USD10000-30000 PER SET
- Delivery Time: 20-35DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 50 SET PER MONTH

Product Specification

- Highlight: 10 m3 Concrete Mixer Truck ,
SANY SY309C 8 Concrete Mixer Truck

Product Description

SANY SY309C 8 Concrete Mixer Truck 10 m3

Benefits & features

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Specialized cab

Framework structure, body welding by robot, the strictest regulation and certification on front collision and top pressure, lead to firm and reliable quality. Design of instrument panel and rearview mirror is superior to national standard, and there is no dead angle in the all-directional angle of view. Thus it is applicable to different working conditions.

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Safe brake technology

Make full use of the engine's auxiliary power braking, and realize joint operation with the brake, making the braking distance increased by 15%, and abrasion of brake lining decreased by 50%.

Large-power air compressor, high-quality pipeline, and brand-new sealing technology help shorten the inflation time and quicken the brake response.

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Energy-saving technology

Engine runs in dual-power model, and is applicable to different working conditions like full load and no load etc. Thanks to the mixer truck matching technology, unique economic transmission portfolio is realized, making fuel consumption decreased by 10%.

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Low deck technology

Unprecedented "No Sub-frame Structure" in the industry makes the mixer truck's deck drop by 140mm to 200mm. Thanks to years of devotion to R & D of self-made chassis, the mixer truck's frame structure is optimized, and so the mixer truck runs more stably.

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Flexible steering technology

Large-displacement power steering oil pump's application makes the operating force decline by 40%, and facilitates the steering. Optimize the chassis pipeline and front axle's steering angle, making the mixer truck's steering diameter decreased by 15%. Therefore, the mixer truck's running is more flexible.

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Anti-buildup technology

Three-section folded blade helps enlarge the discharge glide angle. Flushing device, innovative front taper and bal-crown connecting structure are additionally installed at the rear taper, in order to clear stagnant aggregate at the dead space, and to prevent aggregate from piling up at front and rear tapers, which is viewed as a hard nut in the industry. Due to this, the residual rate at the discharge port declines to 0.4%, which will create more value for you!

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Smart operating technology

Equipped with GPS system, and boast five functions like mixer truck monitoring, record playback, event alarm, mixer truck management, and statistics & analysis. Due to this, you can keep abreast of the mixer truck's location, oil level, and discharge, which will save trouble for you!

SANY Official Manufacturer SY309C 8 Concrete Mixer Truck 10 m3 Maintenance tips

Offer maintenance alarm service for the mixer truck's key components (including engine, axle, and gearbox etc), in order to minimize the loss resulting from maintenance delay.
