

HZS75 HZS90 SICOMA Mixer JS1500 Concrete Batching Plant Mini Concrete Batching Plant Manufacturer

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: SUNNY
- Model Number: HSZ75
- Minimum Order Quantity: 1 set
- Price: USD 110000-150000/ SET
- Packaging Details: container
- Delivery Time: 25-30 days
- Payment Terms: L/C, T/T, D/P, Western Union, MoneyGram
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Maaterial: Cement, Crushed Stone, Sands And So On
- Application: Building Works,Construction Projects,bridges,docks,airport
- Control System: Automatic PLC Control,totally Automatic
- Productivity: $\leq 60\text{m}^3/\text{h}$
- Mixer: JS1500 Twin-shaft Concrete Mixer
- Warranty: 12 Months
- Condition: New
- After-sales Service Provided: Engineers Available To Service Machinery Overseas,Online Support,Video Technical Support,Field Installation,commissioning And Training
- Highlight: **mixer concrete batching plant, mini concrete batching plant, Concrete Batching Plant Manufacturer**

Product Description

The **HZS75 mixing plant** is a medium-capacity concrete production facility designed for efficiency, durability, and ease of use. It is widely used in construction projects that require large volumes of high-quality concrete, such as roads, bridges, industrial buildings, and residential complexes. Here's a breakdown of its key features:

Capacity: With a production output of **75 cubic meters per hour**, the HZS75 is well-suited for medium-sized construction projects, delivering consistent concrete volumes to meet project demands.

Mixing system: The plant is equipped with a **twin-shaft concrete mixer**, which ensures fast, uniform mixing of cement, water, aggregates (sand, gravel), and additives. This type of mixer is known for producing high-quality concrete with excellent homogeneity.

Batching system: The plant includes an advanced **weighing and batching system**, which consists of multiple hoppers (usually four) for storing aggregates, cement, water, and additives. Each material is measured and dispensed according to preset ratios, ensuring accuracy and consistency in the mix.

Q: What's your after-sale service?

A: 12 months warranty for main parts since departure. On-site installation, debugging, workers training. Make sure that your workers operate properly and know daily maintenance well.

Q: What's your delivery time?

A: The goods will be delivered in 30-45 days after the 30% of the total amount is paid as deposit, and maybe a little longer if busy in the factory.

B: Generally it is 7-10 days if the goods are in stock. or it is 15-20 days if the goods are not in stock, it is according to quantity.

Q. How long do you warranty your concrete batching plant?

A: We shall guarantee that the commodity for 1 year, excluding the wearing parts, and we will offer our customers the wearing parts all the time with favorable price.

Q: What should I do if I experience a problem on our equipment?

A: You could email us the photos to show what happens or call us, and our service line is available 24/7, and then we will feedback you immediately. Also on-site technician service available as request.

Q.How can we install the plant?

A:Our engineer will make installation drawing before we send the machine, and our engineer will go oversea to guide and train the installation after everything is already set in customer's construction site.

Q: Do you have CE certificate for your concrete batching plant?

A: Yes, we have. It is our patent products, certificated by CE.
