

Used Putzmeister Concrete Pump Truck 56m/62m for Smooth Concrete Pouring

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: Sany
- Minimum Order Quantity: 1 set
- Price: USD40000-70000 PER SET
- Delivery Time: 20-35DAYS
- Payment Terms: L/C, T/T
- Supply Ability: 50 SET PER MONTH

Product Specification

- Highlight: Used Putzmeister Concrete Pump Truck, 56m Used Concrete Pump Truck, 62m Used Concrete Pump Truck

Product Description

China 37m 48m 56m Used Concrete Boom Pump Trucks For Sale isuzu Sany Concrete Pump

High Efficiency: The combination of the truck-mounted design and high pumping capacity allows for rapid and continuous concrete placement, improving project productivity and reducing construction timelines.

Precise Placement: With its versatile boom configuration and precise control system, the 37M pump truck enables accurate placement of concrete, even in challenging or tight spaces. This precision helps minimize material waste and enhances the overall quality of the concrete structure.

Versatility: The 37M concrete pump truck can handle various types of concrete mixes, including low slump, high slump, and self-compacting concrete. It is suitable for a wide range of construction applications, such as residential buildings, commercial complexes, bridges, and more.

Safety and Reliability: SANY is known for its commitment to safety and reliability. The 37M concrete pump truck is built with high-quality components, advanced safety features, and rigorous manufacturing standards to ensure dependable performance and operator safety.

In conclusion, the SANY 37M concrete pump truck offers advanced technology, high pumping capacity, and precise control for efficient and accurate concrete placement. Its versatility, stability, and safety features make it a valuable asset in construction projects of various scales and complexities.

Truck-mounted Concrete Pump			
Vertical Reach	Output	Pressure	Models
