

Concrete Batching Plant Business For Sale , Hzs180 concrete Batching Equipment In Ettheopia

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: SUNNY
- Model Number: HSZ180
- Minimum Order Quantity: 1 set
- Price: USD 110000-150000/ SET
- Packaging Details: container
- Delivery Time: 25-30 days
- Payment Terms: L/C,T/T,D/P,Western Union,MoneyGram
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Maaterial: Cement, Crushed Stone, Sands And So On
- Application: Building Works,Construction Projects,bridges,docks,airport
- Control System: Automatic PLC Control,totally Automatic
- Productivity: $\leq 180\text{m}^3/\text{h}$
- Mixer: JS3000 Twin-shaft Concrete Mixer
- Warranty: 12 Months
- Condition: New
- After-sales Service Provided: Engineers Available To Service Machinery Overseas,Online Support,Video Technical Support,Field Installation,commissioning And Training
- Highlight: **concrete batching plant business for sale, Hzs180 concrete Batching Equipment, Ettheopia Concrete Batching Plant**

Product Description

HZS180 Central beton factory full automatic concrete plant 50-120 m³/h wet mix beton framework concrete batching plant p
HZS180 Manufacturer Concrete Batch Plant concrete batching plant

Durable and Reliable Components:

The plant is constructed with high-quality materials to ensure long-lasting durability, even in harsh working conditions. Key components such as the mixer, aggregate bins, and cement silos are designed for high performance and reliability.

Batching System:

The plant features an advanced batching system with separate hoppers for different aggregates, which allows for accurate and fast batching of materials. The system also includes a fully automated weighing system for cement, water, and additives.

Flexibility:

The HZS180 can be customized to meet various project requirements, with options for different types of aggregate storage, mixers, and control systems.

Easy Maintenance:

The design of the plant ensures easy maintenance and repair, reducing downtime and increasing overall efficiency. The plant is also designed for easy transportation and installation.

Features of concrete batching plant:

High Production Capacity: The HZS180 concrete mixing plant has a theoretical production capacity of 180 cubic meters per

hour. This high capacity allows for efficient and continuous production of large volumes of concrete, ensuring timely completion of demanding construction projects.

Advanced Mixing System: The plant is equipped with a twin-shaft concrete mixer, which ensures thorough and efficient mixing of aggregates, cement, water, and additives. The twin-shaft mixer operates at a high speed, delivering a homogeneous mixture with excellent consistency and quality.

Precise Weighing and Dosing: The HZS180 batching plant utilizes advanced weighing systems for accurate measurement and dosing of materials. It includes precision sensors and load cells that ensure precise weighing of aggregates, cement, water, and additives. This precise control of material ratios results in consistent and high-quality concrete mixes.

Modular Design and Easy Installation: The HZS180 batching plant features a modular design, which simplifies its installation, transportation, and relocation. The plant consists of multiple modular units that can be easily assembled and disassembled, reducing setup time and allowing for efficient deployment to different job sites.

Q: What's your after-sale service?

A: 12 months warranty for main parts since departure. On-site installation, debugging, workers training. Make sure that your workers operate properly and know daily maintenance well. Q: What's your delivery time?

A: The goods will be delivered in 30-45 days after the 30% of the total amount is paid as deposit, and maybe a little longer if busy in the factory.

B: Generally it is 7-10 days if the goods are in stock. or it is 15-20 days if the goods are not in stock, it is according to quantity.

Q: How long do you warranty your concrete batching plant?

A: We shall guarantee that the commodity for 1 year, excluding the wearing parts, and we will offer our customers the wearing parts all the time with favorable price.

Q: What should I do if I experience a problem on our equipment?

A: You could email us the photos to show what happens or call us, and our service line is available 24/7, and then we will feedback you immediately. Also on-site technician service available as request.

Q: How can we install the plant?

A: Our engineer will make installation drawing before we send the machine, and our engineer will go oversea to guide and train the installation after everything is already set in customer's construction site.

Q: Do you have CE certificate for your concrete batching plant?

A: Yes, we have. It is our patent products, certificated by CE.
