

Hzs35 35m³/H Mini Concrete Mixing Plant for Sale

Our Product Introduction

for more products please visit us on sunnyconcretebatchingplant.com

Basic Information

- Place of Origin: Hunan
- Brand Name: SUNNY
- Model Number: HSZ75
- Minimum Order Quantity: 1 set
- Price: USD 110000-150000/ SET
- Packaging Details: container
- Delivery Time: 25-30 days
- Payment Terms: L/C,T/T,D/P,Western Union,MoneyGram
- Supply Ability: 20 Set/Sets per Month

Product Specification

- Maaterial: Cement, Crushed Stone, Sands And So On
- Application: Building Works,Construction Projects,bridges,docks,airport
- Control System: Automatic PLC Control,totally Automatic
- Productivity: ≤60m³/h
- Mixer: JS1500 Twin-shaft Concrete Mixer
- Warranty: 12 Months
- Condition: New
- After-sales Service Provided: Engineers Available To Service Machinery Overseas,Online Support,Video Technical Support,Field Installation,commissioning And Training
- Highlight: **mini concrete mixing plant 35m³/H, bucket type batching plant for sale, Hzs35 concrete mixing plant with warranty**

Product Description

HZS35 Bucket Type Mixing Plant: A Comprehensive Overview

The **HZS35 Concrete Batching Plant** is a medium-sized mixing plant designed for efficient and consistent concrete production. It is widely used in construction projects such as roads, bridges, residential buildings, and small to medium-scale industrial facilities. Known for its compact design, high automation, and reliable performance, the HZS35 is an excellent choice for project-focused concrete production.

Key Components and Functions:

Rated Capacity: 35 cubic meters per hour (m³/h)

Mixing System: Twin-shaft concrete mixer (commonly JS750), ensuring uniform and high-quality concrete mixing.

Batching Machine: PLD1200 batching system with high-precision sensors for accurate aggregate weighing.

Control System: Fully automatic control with manual override, user-friendly interface, and real-time monitoring.

Material Storage: Separate bins for aggregates, cement, water, and admixtures, allowing for efficient material handling.

Installation: Modular design for quick installation and relocation, making it ideal for mobile or temporary job sites.

The HZS35 concrete batching plant is known for its reliability, ease of operation, and low maintenance requirements. Its compact footprint and efficient design make it a cost-effective solution for projects with limited space and budget.

Whether used for stationary or mobile operations, the HZS35 delivers consistent performance and high-quality concrete output.

In conclusion, the HZS35 bucket type mixing plant is a versatile and efficient solution for medium-sized construction projects. Its reliable performance, accurate batching, and easy maintenance make it a popular choice among contractors and construction companies.

Name of parameter	HZS60	HZS90	HZS120	HZS180	HZS240
Theoretical productivity	60 M3/h	90 M3/h	120 M3/h	180 M3/h	240m³/h
Model of mixer	JS1000	JS1500	JS2000	JS3000	JS4000
Mixing motor power	2x18.5Kw	2x30Kw	2x37Kw	2x55Kw	2*75Kw
Cycle period	60s	60s	60s	60s	60s
Volume of mixer	1000L	1500L	2000L	3000L	4000L
Unloading height	4.0m	4.0m	4.0m	4.0m	4.0m
Measuring range and precision of aggregate	(600-2000)≤±2%	(700-2400)≤±2%	(1000-3600)≤±2%	(1600-4800)≤±2%	(1600-4800)≤±2%
Measuring range and precision of cement	(300-1200)≤±1%	(300-1200)≤±1%	600-1800)≤±1%	(800-2400)≤±1%	(800-2400)≤±1%
Measuring range and precision of coal ash	(200-600)≤±1%	(200-600)≤±1%	(300-900)≤±1%	(400-1200)≤±1%	(400-1200)≤±2%
Measuring range and precision of water	200-600)≤±1%	(200-600)≤±1%	(200-700)≤±1%	(360-1200)≤±1%	(360-1200)≤±1%
Measuring range and precision of admixture	20-60)≤±1%	(20-60)≤±1%	(30-100)≤±1%	(36-120)≤±1%	(36-120)≤±1%

Features of concrete batching plant:

Capacity: The HZS75 model is designed to handle a substantial volume of concrete production. With a capacity to produce 75

cubic meters of concrete per hour, it is well-suited for medium-sized construction projects that require a consistent supply of concrete.

Precise Measurement: The use of individual buckets for ingredient measurement ensures accurate proportions of cement, aggregate, water, and additives. This precise measurement system guarantees the production of high-quality concrete with consistent strength and durability.

Customization: The HZS75 plant can be easily customized to meet specific project requirements. It allows adjustments in the bucket capacity, ingredient quantities, and overall plant layout. This flexibility enables the plant to be tailored to the unique needs of medium-sized construction projects.

Q: What kind of products do you have?

1. Stationary concrete batching plant arranges from HZS25 to HZS180.
2. Mobile concrete batching plant.
3. Concrete mixer machine.
4. Portable drum concrete mixer with diesel engine.
5. Spare parts including screw conveyor and bolted cement silo.

Q: Are you trading company or manufacturer?

A: We are manufacturer. We can design and manufacturer products with our patent. Welcome to visit us to check it!

Q: What are the terms of payment in your formal trade?

A: Normally we can work on T/T term, L/C term and Alibaba Trade Assurance Order Online.

T/T: 30% T/T prepayment, 70% paid by T/T before delivery.

L/C: 100% irrevocable L/C at sight.

Q: What's your after-sale service?

A: 12 months warranty for main parts since departure. On-site installation, debugging, workers training. Make sure that your workers operate properly and know daily maintenance well. Q: What's your delivery time?

A: The goods will be delivered in 30-45 days after the 30% of the total amount is paid as deposit, and maybe a little longer if busy in the factory.

B: Generally it is 7-10 days if the goods are in stock. or it is 15-20 days if the goods are not in stock, it is according to quantity.

Q: How long do you warranty your concrete batching plant?

A: We shall guarantee that the commodity for 1 year, excluding the wearing parts, and we will offer our customers the wearing parts all the time with favorable price.

Q: What should I do if I experience a problem on our equipment?

A: You could email us the photos to show what happens or call us, and our service line is available 24/7, and then we will feedback you immediately. Also on-site technician service available as request.

Q: How can we install the plant?

A: Our engineer will make installation drawing before we send the machine, and our engineer will go overseas to guide and train the installation after everything is already set in customer's construction site.

Q: Do you have CE certificate for your concrete batching plant?

A: Yes, we have. It is our patent products, certificated by CE.
